

St. Michael Athletic Association Spring registration is now open.

Registration fees are as follows:

Boys Baseball \$100
Girls Softball \$100

St. Michael Athletic Association has implemented a new online web based registration system and now has the ability to accept debit/credit cards as well as checks.

Please go to the section that pertains to your situation either that your child(ren) has participated in 2010-2011 program or your child(ren) has not participated in the 2010-2011 season.

For those that have had child(ren) participating in the current 2010-2011 program and you received an email with a link for registration.

To register without going back to that email

Go to www.StMichaelCYO.net and click on 'Online Registration'

Please click on "Forgot your username or password". The system will ask you for your Last name, date of birth and email address. If you should receive the error "No accounts were found with the given criteria" try again using the date of birth of 01/01/1960. When we migrated from the old registration system to this new system over the summer, those that registered in the old system we used the default date of 01/01/1960 for the parent's date of birth.

All participants in the 2010-2011 season are in the new system so nobody should have to click on the "Add new family" button.

If you have more than one child and for example one played in fall and one did not. The one that did not should be added to your family using the 'add child' option.

To register each child for a team.

- Click on 'Register "child's name" as player
- Click on the sport then grade and continue through the process.
- Repeat procedure for all your child(ren)
- When completed click on 'Check Out' you will then be prompted for payment options. No registrations are considered complete until payment has been made (or received).

When entering the family information you may add as many email addresses as you want just insert a semi-colon (;) between the addresses. We do ask that the email addresses for the child are the parents. If mom's is mom@email.com and dad's is dad@email.com then the child's will be mom@email.com; dad@email.com. When a team email is sent to the player then both parents will receive it.

For those that did not have any child(ren) participating in the 2010-2011 program.

To access the system you will need to create a family account with a user name and password. All family members will have their own user id and password.

To start the procedure go to www.StMichaelCYO.net and click on 'Online Registration'

- Click on 'Add New Family'
- Enter all of the Primary Guardian information and click 'Submit'
- Click on 'Add Parent/Guardian' to enter other parent (if applicable)
- Click on 'Add Child' to enter your child(ren).
- Click on 'Register "child's name" as player'
- Click on the sport then grade and continue through the process.
- Repeat procedure for all your child(ren)
- When completed click on 'Check Out' you will then be prompted for payment options. No registrations are considered complete until payment has been made (or received).

When entering the family information you may add as many email addresses as you want just insert a semi-colon (;) between the addresses. We do ask that the email addresses for the child are the parents. If mom's is mom@email.com and dad's is dad@email.com then the child's will be mom@email.com; dad@email.com. When a team email is sent to the player then both parents will receive it.

If you have any question, comments, issues with the registration process please contact David Stefanski
